PUBLIC HEARINGS

1. Public Hearing on the application for the Community Development Block Grant

Mayor Whitt declared that we are now in the public hearing on the application for the Community Development Block Grant (CDBG). Mr. Jackson advised that in August the City Council directed staff and consultants from Hobbs, Upchurch & Associates to pursue obtaining the necessary information to consider applying for a Community Development Block Grant (CDBG). The grant would involve a Revitalization Project in the River Street area. The project would involve housing rehabilitation, assistance, demolition, street, drainage and sidewalk improvements. Also involved with the project would be certain improvements to River Street Park. Mr. Jackson advised that the main eligibility criterion that has to be met is that the resident income level be low to moderate according to State standards. The consultants have conducted the required field work to determine the income level of the area. At this time, Mr. Jackson introduced Mr. Walser to report on these findings. Mr. Walser advised that of the twenty-five (25) homes in the project area, seventeen (17) qualified. Mayor Pro Tem Moore commented that the City should work very hard to acquire the funds for the homes in that area that is in need of repair. Mr. Walser advised that the grant does not require any matching funds from the City and he feels somewhat confident that the City will have a good chance of being awarded the grant. There was discussion among Council regarding the project area being in the Overlay District. It was determined that the CDBG project started well over a year ago which was before the Overlay District was approved. There was no one signed up to speak at the public hearing therefore, Mayor Whitt declared that we were no longer in the public hearing. At this time, Councilman Bishop made a motion to approve the resolution for the City of Mount Holly to move forward with the application process for the Community Development Block Grant for the River Street area. OLD BUSINESS

1. Consideration and Approval of the Mountain Island MOU

Mayor Whitt advised that this item was taken off the consent agenda because there were concerns from Council that this could obligate the City to spend money in the form of Police and Fire protection to this area as well as pay for things such as signage. Mayor Whitt clarified that the MOU gives the City an easement to go on forest service property for the purpose of greenways. He further advised that it states in the MOU that the City has the right to terminate the contract at any time. Mayor Pro Tem Moore made a motion to approve the Mountain Island MOU. 2. Discussion of the 110 McGinnis Street/Reiser Annexation

Mr. Beal gave Council a quick refresher on the history of 110 McGinnis Street/Reiser Annexation. He reviewed the process from the time application was made up until the time Council approved the annexation with the condition that the Developer run an eight (8) inch gravity sewer line to Deerfield and the Developer maintain a private pump station and line for the purposed development. At that time, Mr. Reiser asked that Council table their decision to give him additional time to research the option. Mr. Beal advised that Mr. Reiser has recently requested to come back before Council regarding the project. Mr. Beal added that he and Mr. Friday have met with Mr. Reiser several times and checked on the cost of the eight (8) inch gravity line and the pump station as set by Council and this is a very costly option. Furthermore, Old Hickory Grove Road sits on a ridge line therefore it would promote additional pump stations in the area. There was discussion among Council regarding the pump station and the eight (8) inch gravity line option. Another option that Mr. Reiser would like considered is for the City to sell him water as an outside customer. After the discussion Council agreed with Staff's recommendation and Councilman Bishop made the motion to call for a Public Hearing at the October Meeting on the Re-Zoning of the property at 110 McGinnis Street.
